

Board of Trustees Newsletter

26th May 2017

Kia Ora Waterview Primary pupils, parents, caregivers and whanau. Winter has arrived, and we wish you all good health during these colder months.

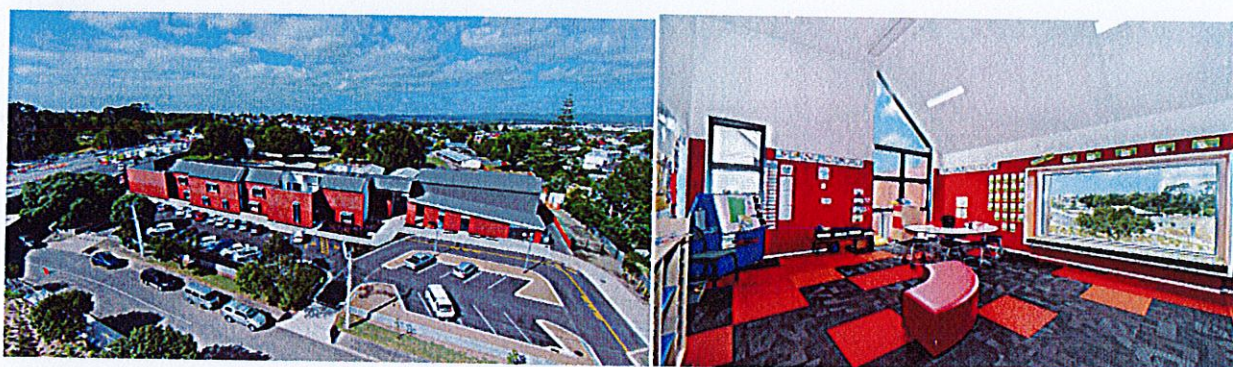

MLE vs ILE

The term MLE (Modern Learning Environment) has now been changed to ILE (Innovation Learning Environment) by the Ministry of Education. Mr Skeen and a team of parents are currently working through some general discussion points and a FAQ (glossary of Frequently Asked Questions) will be released at the end of Term 2.

Property / School Build Progress

The official opening will be once the fields, playground and hopefully the pool are completed.

You will have noticed that there are more of the school grounds already available to the children and they have been thoroughly enjoying and making use of the extra space. As progress is made more space including the fields will be opened.

School Access Pedestrian and Vehicle Access/ Safety

Pedestrian Access will be available via the Oakley Ave pedestrian entrance from Tuesday 6th June.

Please continue to be mindful of congestion around Herdman Street and use the drop off bay when required.

Patiki Cluster

Waterview Primary will continue to work within the Patiki cluster. The cluster have made a commitment to continue to meet, and communicate all learnings from within the area. This means that Heads of Schools and The Boards from each school will work together and share relevant information.

School Communications

The school currently communicates through a physical newsletter in our children's bags, the App and the Waterview School website. If you are still having troubles receiving communication or have any suggestions please pop them into the office, or e-mail admin@waterview.school.nz

Board Matters and Communication

Please contact Margi Watson (Chairperson) if you have any questions about Board Business or the Boards newsletter. Email Margi at margiwatson@ihug.co.nz or leave a message and phone number with the school office.

Kind Regards

Waterview Primary School Board of Trustees.
